EAT YOUR VEGGIES

Naughty: ★★☆☆☆

Fun: ★★☆☆☆
Easy to prepare: ★★☆☆☆

YOU WILL NEED :

An assortment of rounded or cylindrical vegetables such as cucumber, banana, plantain, carrot, radish, wasabi root and zucchini

A basket or box to place the vegetables in

One blindfold

One dildo

A shot glass and a bottle of hard liquor (such as vodka or tequila)

HOW TO PLAY :

1. Put the blindfold on the bride-to-be. Ask her to take a seat--preferably in another room or at a far corner where she will not be able to hear what is happening around her--while the others finish preparing for the game.

2. Distribute the vegetables to the guests. There should be as many participants as there are vegetables.

3. Give the dildo to the stripper. Be careful not to let the bride-to-be know that a dildo has been thrown into the mix—it is meant to be a big surprise!

4. Lead the bride-to-be to a chair placed at the center of the room.

5. The participants holding the vegetables must approach the bride-to-be one by one, hold out the

vegetable, and ask the bride-to-be to guess what sort of vegetable it is that she's holding. If the bride-to-be guesses correctly, the participant holding the vegetable has to take a shot. If the bride-to-be guesses incorrectly, then the bride-to-be has to take a shot.

6. The game ends with the stripper approaching the bride-to-be while holding the dildo, and giving her a lap dance for being such a good sport.

This is a simple yet fun game for the Bachelorette and is a good ice breaker too.

YOU WILL NEED TO PROVIDE :

Each guest is asked to bring sexy panties / lingerie for the bride-to-be as a gift.

HOW TO PLAY :

1. Have guests remove the tags and bring the panties / lingerie unwrapped, but make sure the Bachelorette doesn't see guests walking around with panties.
2. As guests arrive or right before the game go around to each guest and collect all the panties / lingerie and have them placed in a bag or what can work nicely is a satin pillow case and the guests are asked to get their drinks and gather around.
3. Once everyone is set the Bachelorette is asked to reach into the bag and pull out one pair of panties. The Bachelorette then shows the panties to the guests and must then identify who bought her those panties. Remember the panties could be lacey, animal print or downright dirty but should be a reflection of the person who brought them.
4. If the Bachelorette correctly guesses who gave her the panties then that person takes a drink and if she guesses incorrectly then she takes a drink. (Note Drinking is Optional)
5. This is a fun way to get the Bachelorette Party started and get guests ready for a good night.

GUESS THE PANTIES VARIATION :

1. One variation to make the game extremely naughty is to have guests bring Adult Toys / Accessories instead of Panties. Play the same way.
2. And in both cases the Bachelorette gets to keep all the gifts.

SEXY DRINKING GAMES

Our Rate: ★★★★★
Naughty: ★★★★★☆

Fun: ★★★★★
Easy to prepare: ★★★★★

When you're planning to spend a whole night drinking with your friends, measure the hard liquor in capfuls. Even if one of you gets wasted within an hour or two, it'll kill the party for the others. To begin the games, all of you need to down a couple of shots first and then sit down to play.

About choosing the games, well, the best drinking games are the ones with very few rules and very few requirements. That makes it easy to remember, and even if a few of you do get drunk, it's not easy to forget the rules!

Here are 9 easy-to-play, sexually stimulating games that would turn all of you on and keep everyone on a sexual high for several weeks or months to come.

GAMES :

#1 I've never... This game starts off with one of you confessing something truthful that starts with the line, "I've never..." For example, you could say "I've never... had sex in a car." If someone in the group has actually done the act, they need to have a drink. If no one in the whole group has done it, the person who said the line has to have a drink instead. To make it sexier, each time someone has a drink, they have to explain the deed in detail.

#2 Russian roulette. Place shot glasses on the table. Pour water in all the glasses except one where vodka is poured instead. Another person shuffles the glasses around. And once that's done, all of you pick a random shot glass and pour the drink down your throats quickly without waiting to smell or taste the liquid. And with every round, the person who drank the vodka has to perform a dare. As the game progresses, increase the number of glasses that contain the actual vodka.

#3 Dares in a hat. Everyone in the group writes a to-do act on a piece of paper and drops it into a hat, without telling anyone else what the act is. The acts can be individual acts or something that has to be done with a partner or someone else in the group. The best part about this game is that the raciness of the acts can be increased or decreased depending on ground rules that are set at the beginning.

Each of you takes turns to pick a piece of paper and perform the act. If the person who picks the paper doesn't want to perform the act, they need to down a drink. But at the same time, no person who picks a paper can take a drink twice in a row.

As each paper is used, throw the paper away until there are no papers left in the hat. Replace the papers with new dares and acts that are bolder than the ones used the first time around.

#4 Strip poker. Play the regular game of poker with cards, but instead of dealing with coins or money, use your clothes as currency for the game. If someone doesn't want to strip a piece of clothing, their partner can take off their own piece of clothing as compensation on their behalf. If you're not sure about the rules of poker, play any card game you know and use the same rules. But each time someone takes a piece of clothing off, everyone else has to have a drink.

#5 Suck and blow. Everyone stands around in a circle, alternating between a guy and a girl. One person places a regular playing card flat on their lips and inhales air through the mouth to hold on to the card without using any hands. The objective is to pass the card on to the adjacent person's lips without dropping the card at any point of time.

To successfully pass the card, one person has to suck the card by inhaling air while the other person has to blow on the card while passing it on. If the card drops while transferring the card, both the people involved have to have a drink each. The same game can also be played with apples if cards seem too difficult.

#6 Blindfolded body touch. This is a drinking game that can be a lot of fun and feel sexy too. A guy is blindfolded first. The girls stand in a line in front of him. A body part is chosen randomly by other guys, and the guy has to feel the particular body part and recognize his own partner or a particular girl just by feeling the body part of the girls. Once the guys are done, the girls repeat the same game. Each time a person guesses wrong, they have to down a glass.

Another variation of this game is for the blindfolded person to guess which body part they're touching just by feeling a small part of someone's body with their finger.

#7 Truth or dare questions. This is the sexiest drinking game because there are no restrictions on the questions or dares that can be asked. Each person takes a turn at truth or dare, and every time someone performs a dare, everyone else has to have a drink.

#8 Flip, sip or strip. Everyone takes a turn to flip a coin. Call heads or tails after you toss the coin, and if you get it right, you do nothing. Get it wrong once, you have to down a shot glass. Get it wrong twice in a row, and you have to take off an article of clothing. Get it right three times in a row when it comes to your turn, and you can retrieve a piece of clothing you had to take off previously.

#9 Spin the bottle. This is a classic game everyone plays with friends or with other couples. But a few drinks can make this game a lot sexier and funnier. Everyone sits in a circle, alternating between guys and girls. Each person takes turns to spin the bottle, and when the bottle stops spinning, they have to kiss the person the bottle is pointing. If it's someone you can't kiss, you can kiss the person to the right of them.

Additionally, both the people involved have to drink a shot with each spin. Instead of kissing, you can also change the rules to dares or a few naughtier acts too.
